

eLTER at EGU 2025 PROGRAMME

DATE	TIME	ROOM	PRESENTATION	TYPE	PRESENTER	SESSION
Monday, 28 April	10:45-12:30	Hall X4 X4.43	Simplifying cost calculations for eLTER sites and platforms: A flexible web application for site managers	POSTER	Allan Souza	ERE6.2
	12:00-12:10	Room 2.24	eLTER RI as integrative and collaborative framework enabling multi- and transdisciplinary research in terrestrial, freshwater and transitional water ecosystems	ORAL	Michael Mirtl	Advancing Environmental Science through Integrated Research Infrastructures
	16:15-18:00	Room 2.43	Addressing research challenges of environmental change at the global scale via Research Infrastructures collaboration and alignment	SESSION	Michael Mirtl - session convener	ERE6.2
	16:20-16:30	Room 2.43	The Global Ecosystem Research Infrastructure (GERI): How we got here?, Where are we going?	ORAL	Henry W. Loescher	Addressing research challenges of environmental change at the global scale via Research Infrastructures collaboration and alignment
	16:40-16:50	Room 2.43	eLTER Standard Observations: A holistic framework for integrated long-term environmental monitoring	ORAL	Steffen Zacharias	
	16:50-17:00	Room 2.43	Learning from the European Experiences: Representativity on a Global Level	ORAL	Thomas Ohnemus	
	17:00-17:10	Room 2.43	Investigating sustainability across scales through social-ecological land-use studies in LTSE platforms	ORAL	Veronika Gaube	
	17:30-17:40	Room 2.43	Addressing research challenges of environmental change at the global scale via Research Infrastructures collaboration and alignment	ORAL	Radovan Krejci	Discover New Research Opportunities: How to Get Access to World-Class Facilities, Tools, and Data with Transnational and Virtual Access
	19:00 - 20:00	Room N1	Short discussion on past and future eLTER transnational and virtual access	TALK	Michael Mirtl, Ulf Mallast	
Tuesday, 29 April	10:45-12:30	Hall X5 X5.113	Effects of nitrogen deposition and climate extremes on European forests: combining stable isotopes in tree rings and ecosystem fluxes	POSTER	Marco Montedoro	Interdisciplinary Tree-Ring Research
	14:00-18:00	Room 2.95	Remote Sensing for forest applications	SESSION	Christian Ginzler - session Co-convener	Remote Sensing for forest applications
Wednesday, 30 April	13:05-13:15	ENVRI Booth 64 and 65 (main entrance)	eLTER's services for researchers	TALK	Ulf Mallast	Lunchtime talks ENVRI Booths
	14:00- 15:45	Hall X1, X1.67	MOBMESTA – Automated GHG chamber measurements without electrical grid	POSTER	Janne Korhonen	Approaches to measuring, processing and understanding the exchange of gases in soils and ecosystems
Thursday, 01 May	10:45-12:30	Hall X4 X4.65	Implementation of a Virtual Research Environment (VRE) to the study of forest environments	POSTER	Sergi Costafreda-Aumedes	Advancing Environmental and Earth Sciences with Research infrastructures and e-Infrastructures: Case Studies on Cross-Discipline Data Sharing and Virtual Research Environments
	14:15-14:25	Room 2.95	Exploiting a natural disaster for a comprehensive evaluation of different ecosystem recovery strategies: the example of Castelporziano network	ORAL	Gabrielle Guidolotti	BG8.8
	19:00-20:00	Room 2.82	Interoperability between datasets with regards to their different levels	SESSION	Beñat Olascoaga, Allan Souza - session conveners	Interoperability between datasets with regards to their different levels

Visit us at ENVRI Booths 64 & 65 – Right by the Entrance!

Drop by the eLTER space at ENVRI booths 64 & 65 to connect with our team, explore our work, and learn more about Europe's leading ecosystem research infrastructure.

Contact: Dr. Nina Hobbhahn - eLTER Communication and Liaison Officer; Alexandra Tzvetkova - eLTER Communication Expert
