

# Access Ecological Research Sites for FREE

Are you a **scientist** working  
in the areas of **biodiversity**,  
**biogeochemistry**, **hydrology**  
or **socio-ecological**  
research?

Do you want to study the  
natural environment at one of  
our **well-equipped research**  
**sites**?

## APPLY for 5<sup>th</sup> eLTER Transnational and Remote Access Call

Open until 31<sup>st</sup> Jan 2025

The eLTER PLUS project opens up the eLTER Sites and Platforms for small and medium size research projects from various disciplines. Through the Access Scheme you can visit one or several of 38 long-term research sites in 18 European Countries (Transnational Access) or have your protocol be performed by local staff (Remote Access), or both.

## WHERE DOES YOUR RESEARCH TAKE YOU?
